

## **DISCHARGE INSTRUCTIONS**

Center For Urology  
2615 Culver Road, Suite 100  
Rochester, N.Y. 14609  
(585) 336-5320

**DIAGNOSIS: Hematuria (blood in urine)**

### **INSTRUCTIONS:**

- 1) No strenuous activity for a few days.**
- 2) Drink plenty of fluids. Your urine can become pink or tea colored over the next few days. This is to be expected. Increasing the fluids you drink will help resolve this.**
- 3) Continue to take your routine medication unless your doctor has advised you differently.**
- 4) Avoid aspirin or aspirin type products for the next 3 days.**
- 5) Call your Urologist for an appointment. He/she will want to see you in 1-2 weeks.**

### **CALL YOUR DOCTOR:**

**If your urine becomes bright red or you start to pass clots.**

**If you are unable to pass your urine.**

**If you develop fever or chills.**
